

I Don't Want To Push It

Sonic Youth

You gave your line, you fell in love
You feel in the shadow there's no more to borrow
There's no more to steal and no more to feel I know, I know, I know
I know, I know, I know
I know, I know, I know You fell in line, you fell in jail
You feel in the shadow to live in the light
To die in the night I don't want to push it I know, I know, I know
I know, I know, I know
I know, I know, I know
