

# Anthem Of Our Dying Day (Page avenue [2003])

## Story of the Year

The stars will cry  
The blackest tears tonight  
And this is the moment that I live for  
I can smell the ocean air  
And here I am  
Pouring my heart onto these rooftops  
Just a ghost to the world  
That's exactly  
Exactly what I need  
From up here the city lights burn  
Like a thousand miles of fire  
And I'm here to sing this anthem  
Of our dying day  
For a second I wish the tide  
Would swallow every inch of this city  
As you gasp for air tonight  
I'd scream this song right in your face  
If you were here  
I swear I won't miss a beat  
Cause I never  
Never have before  
From up here the city lights burn  
Like a thousand miles of fire  
And I'm here to sing this anthem  
Of our dying day  
From up here the city lights burn  
Like a thousand miles of fire  
And I'm here to sing this anthem  
Of our dying day  
From up here the city lights burn  
Like a thousand miles of fire  
And I'm here to sing this anthem  
Of our dying day  
Our dying day  
Of our dying!
