Whoa Is Me

Down With Webster

Whoa is me
Im so whoa
See me decked out from my head to my toe
Whoa is me
Im so whoa
Everywhere I go Im a one man show
I feel like a Hollywood star
Hand full of pills, all black car
Rock guitar and ten shots of whisky
Got a chain on my neck and a massive hickey
You say youre a big deal, big deal
Ive been a big deal ever since big wheels
Shits real, I feel
Like a super model who just skipped a meal
I like to party and spend my dough
And when I go to rehab Im putting on a show
And its so spectacular whenever I rap to ya
Im re-enacting my feelings to capture the
Moment like a Nikon and when the mics on
Im a star baby, Im your icon
I put on the light, I shine I glow
Whoa is me
Im so whoa
Say whoa (whoa)
The more I feed it whoa (whoa)
The more I need it whoa (whoa)
You say whoa
Whoa is me
Im so whoa
Say whoa (whoa)
The more I feed it whoa (whoa)
The more I need it whoa (whoa)
You say whoa
Whoa is me
Im so whoa
Im surrounded by people, Im cool
Everyone is so see-through, not you
Know you think I dont hustle, I do
Used to get up for the bus now I fly to

Drive by you, Ill buy you outright
And Ill bight your style
I try to act like a child

Born yesterday, but born to be wild
I cheated to get what I got
Stepped all up and you set for my spot
I bet you Im winning, I bet that youre not
I bet you don't sin and I bet you get caught
You just leave the talking to me
Im dope and I'm hard on my feet
Im the S to the H, the I to the T
What you dont know, you just gotta believe
Whoa
The more I feed it whoa (whoa)
The more I need it whoa (whoa)
You say whoa
Whoa is me
Im so whoa
Say whoa (whoa)
The more I feed it whoa (whoa)
The more I need it whoa (whoa)
You say whoa
Whoa is me
Im so whoa
Its quiet, right before the storm Im eyeing
Everyone I see, Im silent
So damn fly Im a pilot
No Im a giant
Hope that youre ready when I set off the riot
See my band, see my clothes
Be my fan, see my show
See my plan is to be so dope
That you like me and me like whoa
Say whoa (whoa)
The more I feed it whoa (whoa)
The more I need it whoa (whoa)
You say whoa
Whoa is me
Im so whoa
Say whoa (whoa)
The more I feed it whoa (whoa)
The more I need it whoa (whoa)
You say whoa
Whoa is me

Im so whoa
