Tumbling After

Starfield

The other day while I was driving home my world was shaken
It occurred to me that I had left too many risks untaken
I'm always sittin' here just waitin' for a revelation
Is it ever gonna come? All this searching yet my destiny is still unfound
Makes me realize this world will always let me down
So it seems that the only hope I ever had

Was everything that you areI'm falling down

Tumbling after you

I'm overwhelmed

Trippin' over simple truth

In all I've found

There's nothin' that's more beautiful

Than what I've found in youYou could always see right through the front I'd offer you

Not believin' my excuses, waitin' for the truth

When you could have turned your back

And walked away from me you, you picked me up insteadSo we'll turn another page and change the way I look at you

And maybe I'll begin to understand what you went through

Not content to leave me wandering and unaware

You took my hand instead yeah, you lead me to the edgeI'm falling down

Tumbling after you

I'm overwhelmed

Trippin' over simple truth

In all I've found

There's nothin' that's more beautiful

Than what I've found in youYou're everything that I ever needed

Now I wanna believe this time

That you would love me

That you would say, "I'm yours, I'm yours, I'm yours"I'm falling down

Tumbling after you

I'm overwhelmed

Trippin' over simple truth

In all I've found

There's nothin' that's more beautiful

Than what I've found in youI'm falling down

Tumbling after you

I'm overwhelmed

Trippin' over simple truth

In all I've found

There's nothin' that's more beautiful
Than what I've found in you
Than what I've found in you
