

# Gravity

## Coldplay

Baby, it's been a long time coming  
Such a long, long time  
And I can't stop running  
Such a long, long time Can you hear my heart beating?  
Can you hear that sound?  
'Cause I can't help thinking  
And I won't stop now And then I looked up at the sun and I could see  
Oh the way that gravity pulls on you and me  
But then I looked up at the sky and saw the sun  
And the way that gravity pushes on everyone, on everyone Baby, when your wheels stop turning  
And you feel let down  
And it seems like troubles  
Have come all around I can hear your heart beating  
I can hear that sound  
But I can't help thinking  
And I won't look now And then I looked up at the sun and I could see  
Oh the way that gravity pulls on you and me  
And then I looked up at the sky and saw the sun  
And the way that gravity pushes on everyone, on everyone On everyone  
On everyone  
On everyone  
On everyone
