

He's Working It Out for You

[Shirley Caesar](#)

Verse 1:

Though the pressures of life seem to weigh you down,
and you don't know which way to turn,
GOD is concerned and he's working it out for you.

Verse 2:
The child that's on cocaine, through prayer he can change.

That marriage that's on the verge of breaking up, although sometimes you have to walk alone.

Now you ask yourself, is there a word from the LORD, you need a blessing and you need it right away, GOD is
concerned and he's working it out for you.

Verse 3:
No peace in the home, there's no peace on the job, your bills are do and your health is failing too. GOD is
concerned and he's working it out for you.

Choir:
He's working it out for you, I'm so glad to know he cares. He's working it out, He's working it out. God cares,
I'm so glad to know he cares, I'm so glad to know he cares, and he's working it out for you.
