Private Symphony

Aren B

YeahBaby, won't you let me hold you in my arms forever more?
I conduct your fantasy in a private symphonyPicture you and I way up in the sky
Flying over oceans while the clouds go passing by
I kiss you on your lips and taste your scented neck
We're going on a trip, we'll never ever forgetI'll take you on a voyage
(Voyage)
Traveling hand in hand
Yeah, I'm like an orchestra
Your body I commandConducting, instructing, you won't need to move
I'll tell you straight up, girl, won't nobody disturb this groove
You've been more than just my lover
You've been my lady, a special friend to me
So take my hand and lets engage in a private symphonyDarling, let me dedicate this
Moment to my love affair
Look into my eyes, well, can't you see?
You and me in a private symphonyWe'll make love all night and all through the morning
I'll still hold you tight
(Tight)
While the beautiful sunset's formingSee, we don't need no band, baby
Or no rhythm section
(Rhythm, rhythm, rhythm)
'Cause in this symphony, harmony is made from affectionWe'll be rolling, squeezing, pleasing each other, girl
(Yeah, baby, yeah)
All over and over and over again, I could never ever love another
While the harmony plays, our love will never fade
Because from this day 'til eternity sweet music will be made'Cause you've been more than just my lover
You've been my lady, a special friend to me
So take my hand and lets engage in a private symphonyBaby, won't you let me hold you?
I want to hold you, baby, in my arms forever more
I want to hold you in my armsI conduct your fantasy
I'll conduct all your fantasies, baby, you and me
In a private symphony, in a private symphonyDarling, let me dedicate this
Moment to my love affair
Look into my eyes, well, can't you see?
You and me in a private symphonyI want to dedicate this to you, baby
Look at me, look into my eyes
Can't you see? You and me
In a private symphony, yeah
Private symphony, you and meIt spins for you and me

Hold me, I want you by my side, honey
Private symphony
Never let me go
