Forever

Exilia

I, I am swimming in your eyes
I am sailing in your soul
Waiting for your last confession
I, I am diving into your mind
I, I am I?m running through your blood
Waiting for your last reflection

Waiting for you
What will you do?

Will you run away?
Will you say goodbye?
Will you disappear?
Was it just a lie?
Will you run away ?
And steal a piece of me forever

I?m in bliss when you?re so blind
Th?more you say th?more you lie
And if I switch my direction?
N?hide, can you read my thoughts inside ?
What if I do change my mind,
And sit back with no reaction?

Waiting for you
What will you do?
Will you run away?
Will you say goodbye?
Will you disappear?
Was it just a lie?
Will you run away?
And steal a piece of me forever
Will you run away?
Will you say goodbye?
So you?ll disappear?
Living just a lie
Will you run away?
Will you say goodbye?
Take a piece of me forever

I swear to you, you?ll never forget this
Never forget it, you?ll never forget me
I swear.
