

# Trust

## Hillsong Young & Free

When it doesn't go my way  
I know that it is not the end  
I'm trusting that you have better plans  
I haven't even dreamt of yet  
I know that You will follow me  
When everything's against me

I put all my hope in You Jesus  
Jesus I will trust You  
I will trust you  
I know you never fail  
I will trust you  
Jesus I will  
I will  
Jesus I will  
I will

Jesus I will

I do not know how the story ends  
But I know that You finished it  
I close my eyes and just let go  
And fall into my only Hope

Now everything I know  
Is God you're in control  
In every little detail  
You are close  
I'll never be alone  
Even in the unknown  
The power of Your Presence  
Fills my soul
