

Death Defying Acts

Angus & Julia Stone

Never perform a death defying act
And I won't fall
I'm brave, I can save the very small
I'm everything, but I'm nothing at all You compare my light to the sky
Why do you try to make me better than the divine?
Isn't the same, don't give it a name
Let me remain, let me remain I'm everything I've ever been
I'm everything I've ever seen
I'm everything that slowly falls
I'm everything and I'm nothing at all I will perform a death defying miracle
For someone with the chemicals to believe
I'm brave, but I've bravely understated
I can't save you from what you've taken
And leave You compare our love to the to the sun
What have you done, is there no limit to the
Prizes we've won?
Isn't the same, don't give it a name
Let me remain, let me remain I am everything I have ever been
I am everything I've ever seen
I am everything that slowly falls
I am everything and I'm nothing at all
I am nothing at all I will perform a death defying magic show
For those of you who wanna go some place else
I'm brave but I can't save you
From the things you won't change for yourself You compare my light to the moon, what are you doing?
What are you doing?
It isn't the same, don't give it a name
Let me remain, let me remain I am everything I have ever been
I am everything I have ever seen
I am everything that slowly falls
I am everything and I am nothing at all
I am nothing at all
