

# I'm Gonna Make You Love Me

## JD Smoothie

I'm gon' make you love me!

Word word

Word, word

Pretty lady, can I have a  
Second of your time, in order to deliver

This message that I've been keepin'

Inside for a while since you and I been meetin'

Now, I've seen girls, in many different places

Some were fly, some with okay faces

But all that you could do was stop and glance

But you really caught the eye of the Overweight Prince

That day that I saw you shoppin' in Macy's

Tried to track you down, girl you drove me crazy

Now that I got you, in front of me

You'll never wanna leave Heavy D, I'm gonna make you love me

[Chorus]

I'm gonna make you love me, love me

I'm gonna make you love me

I'm gonna make you love me, love me

I'm gonna make you love me

It took weeks, tried to track you down

Spent a whole lot of time searchin' all around town

It's like you disappeared, without a trace

Then one day I turned around BOOM you're right in my face

So just chill, cause this will only take a minute

Sit down relax while I start from the beginnin'

See I am Heavy D and entertainment's my profession

There's no stoppin love when I start my caressin

I can make your day, much brighter than the sun

And if you like good times, I'm the one for fun

I won't try to buy you girl with my money or gold

'Cause love can't be bought is how the story is told

But I'll treat you really good, give you all of my time

And each and every day you will be on my mind

All I want from you is truth and honesty

You'll never wanna leave Heavy D, cause I'mma make you love me

[Chorus]

Yeah you see what I'm sayin?  
Y'know, come to the crib, say about nine o'clock  
And I'll have the filet mignon  
And Dom Perignon chillin' on ice  
And when you come, park, y'knahmsayin? Word
