

Superman (Produced By Bryan-Michael Cox)

Monica

Whoa oh yea yeas You're my supa' hero, ooh you rock my world
If you show me how I can be your super girl
Give ya supa' supa' love, 'cause ya supa' supa' hot
Give you more than lil' bit, give you everything I got
Do you think of me, like I think of you
Hopin' that what I feel, is what you feelin' too and
I wanna go through a few things that describe just what's in my heart
There is no height, (that I won't climb)
there is not light, (that I won't shine)
There is no time, (that I won't find),
and I'm so glad I found my time tonight. Tell you that there is no other place that I'd rather be
There is no other face that I'd rather see.
The way that you do me (is something like a movie)
Waken up to you is just like waken up to Superman It's a bird; it's a plane and (Superman)
I can be you Lois Lane (Superman)
There ain't nothing you can do, (I just wanna be with you)
And I hope you feel it too, (you're my Superman) It's the beating in my heart
It's the shaking in my soul (every time I touch you baby)
I go, it's the power of ya love (it's the passion in ya kiss)
And I'm always lookin' forward
There ain't no sea (that I won't swim)
There is no void (that I can't fill)
And there's no time (that I won't find), and I'm so glad I found this time tonight There is no other place that I'd
rather be
There is no other face that I'd rather see.
The way that you do me (is something like a movie)
Waken up to you is just like waken up to Superman It's a bird; it's a plane and (Superman)
I can be your Lois Lane (Superman)
There ain't nothing you can do, (I just wanna be with you)
And I hope you feel it too, (you're my Superman) Let me touch the sky (sky)
Please don't hit the brakes (brakes)
Fly me to the moon (I wanna see heaven's gates)
I wanna feel what it's like (to be with Superman) I'll stay by your side
And if you take my hand then there is no dreams (that we can't see)
There's nothing (that we can't be) and
There no time (that I won't find), and I'm so glad I found that time tonight Tell you that there is no other place
that I'd rather be
There is no other face that I'd rather see.
