

# Truth 'N' Time

Al Green

Only truth can make you see  
Only truth can make you love me  
Only truth, smile on your face  
Only love can take your place Let me say Time, time, we need love and time  
Only the truth can tell of this  
Time, time, we need love and time  
Time, time, time, oh Only the truth can let you go  
Only the truth can hear you love me so  
Only the truth can make you see  
Tell me the truth if you love me, let me say it Time, time, can it be reached?  
Can you cheat time  
True, let's all sing that break  
I said Time, time, all we need is time  
Time, time, let me hear you  
Time, time, all we need is time  
I wanna be so big, they said Time, can it reach, yeah  
All of the love and all [Incomprehensible]  
Say it matters Time, time, all we need is time  
Time, time, all we need is time  
Time, time, all we need is time...
