

Woman

Anouk

I remember you stepped in the store
And you kept me standing in one place for way too long
There you smiled at me but all that I could say was just
 'Hello sir what will it be'
 You're a Jesus with shoes on
 I can see the light in your hair
 It's happening again
 Ooh baby
Well have you told your mom
That you won't be coming home
 Don't you worry now
 She can do it on her own
 You shot me
 In my heart
 And I just wanna be

 Your woman
 Now we're all alone
 You make me lose my cool
I can't deny it and I can't pretend
 What I see is what I get
 Your arms around me
 Here we stand
Now I believe that we can make it through
 Take me as I am it's up to you
Can you see the things that nobody else can see
 Think it over now that you still can
 Are you tough enough to be my man
Or will you also try to walk away anyway
 Well have you told your mom
 That you won't be coming back
Boy you look so fine baby how about upstairs
