

You'll Cowards Don't Even Smoke Crack

Viper

[Intro]

HAHA, here's a little something for you busters, yeah[Hook x2]

What's up with that?

Y'all cowards don't even smoke crack[Verse 1]

Hater, you don't even smoke crack, bitch, you's a mark fool

Motherfuck that ho shit, that's a G, that's him

I'm about to blaze up, 'specially when it's after dinner

I changed the game don't get it misunderstood

Hitting it out the glass and that smoke all good

Can't water it with green, get work, got that stick

Laws know I keep it, they on my dick, these niggas sick

But when I do smoke some weed

I'm straight out that rose, you best believe

But green ain't better than that hard, hard is so much fun

Seven for forty-five, wholesale gets it done

And I don't care if you judge me

I'm smoking cooked, and living so lovely

So stop looking like you're dumb

You know you wanna try, but fail to get some[Hook][Verse 2]

It's on if I feel [?]

I'm blazing white, now my destiny ain't stopping

I'm coming up in a song to rap

I sold my soul to satan but bought it back from God with this song

Y'all bustas ain't ballin

Until you smoke some work and see who really paper calling

Y'all falling off like the last century

No respect from me till you get that cheese

And you see what life is all about

Till then you just a little bitch with a raised snout

I gets my clout from the mainstream

It's always love and dap in my dope scene

I'm clowning, and keeping it rock

My coke chopped and screwed cause I'm on the block

I'm stinging big and bringing work

All the while keeping y'all haters feelings hurt[Hook]
