

# Ain't Got the Blues

## Blackberry Smoke

I ain't got the blues anymore  
I don't toss and turn at night mama  
I don't walk the floor  
'cause ever since lil mama came home  
I found what i'm looking for I'm gonna shine, great sparkling shine  
Everybody that i meet is gonna be a good friend of mine  
I'm feeling fine, just fine as wine  
I can't frown for grinning, i can't lose for winning  
I ain't got the blues anymore Sunday ain't no rain on my parade  
There's a lil in me i'm ahead of the game  
And brother all my bills got paid  
'cause ever since lil mama came home  
Is made right in the shade I'm gonna shine, best sparkle and shine  
Everybody that i meet is gonna be a good friend of mine  
I'm feeling fine, just fine as wine  
I can't frown for grinning, i can't lose for winning  
I ain't got the blues anymore If i ain't got 10 brother i got 9  
The good lord smiling down on me and  
Ain't a worry on my mind  
Something about my fine little mama  
I don't know why but she makes me wanna shine A great sparkle and shine  
Everybody that i meet is gonna be a good friend of mine  
I'm feeling fine, just fine as wine  
I can't frown for grinning, i can't lose for winning  
I ain't got the blues anymore  
No i ain't got the blues anymore
