

# Riot Act

## Exodus

Rise up and revolt, overthrow the government  
Level all the temples, destroy the monuments  
Return to anarchy, defy the Christian law  
Prepare for mutiny, prepare for coup d'etatSo begins our final riot act  
Now that you're in, there'll be no turning back  
Smash everything, wreck it all with pride  
The power of our revolution won't ever be deniedReduce the halls of power to ruin and to ash  
An end to Christianity, an end to holy mass  
The dawn of an iron age, return to pagan law  
Lex Talionis, we rule by fang and clawSo begins our final riot act  
Now that you're in, there'll be no turning back  
Smash everything, wreck it all with pride  
The power of our revolution won't ever be denied
