

Dear Neighbor (feat. Jenni Potts)

Flapo

In my carbon
Fever, I wait
In the forest of my, Mind i stay. When were apart
I will, I know, it's bound a while
I tried, To get, To you
Again, again (nn) Far away from you. FAR AWAY FROM YOU.
If you choose to, come over. Embrace me like, Used to when I was younger. I will, I know, it's bound a while
I tried, To get, To you
Again, again (nn)
Far away from you. FAR AWAY FROM YOU....Pause...I will wait for you...
