Good Love

Johnnie Taylor

Where you been all of my life
Tell me where you been hiding
I been searching for a girl like you
That I can share my life with
How did you get out of my dreams
How did heaven loose you
I've been looking for someone like you
That I can share my life

This time we got good love
This time we got something special
This time we gon' do it do it
Put our minds to it
Until we get it right

Oh I had my share of heartaches baby
Can't count the changes that I been through
I don't claim to be perfect
But I'm perfect for you
Now I been around baby
I made love to more than a few
Now I'm reay to settle down girl
Spend my whole life lovin' you

CHORUS-(2x)

you and I got a special love-(3x)

CHORUS-(2X)

You and I got a special love-(4x)

CHORUS-

Oh you know we got good love baby

you and I got a special love
