W.I.W.W.T.W.

Toro y Moi

Know that nothing's after you
Change it up it's just a view
Can you visualize?
How can you hold it inside?
Is that how it makes me cry?
Minute wherever you are
Every second feels your glow
I turn it off, it turns on
First it was here, now it's gone
I'll write our life in a scene that you want on my mind
As if I hadn't called, as if you were worried
What is wrong with this world?
It's got me thinking too much
Past got in the way again
Black and white images
And all I could do is cry
How you could you hold it inside?
Dare you to say something, say it while they're watching
The scary truth is no one cares of what has happenedI don't know what to do
What are two to do?Alright I lied when I said that you weren't on my mind
As if I hadn't called, as if you were worried
What is wrong with this world?
It's got me thinking too much
Alright I lied when I said that you weren't on my mind
As if I hadn't called, as if you were worried
What is wrong with this world?
It's got me thinking too much
And I know this
No reason
Why does there have to be?
And I know this
No answer
When I call
Don't pick up
It's coming down
Will you stop me never
Writing on the floor
Will you guess it now
I am in the corner

I can't get up
Don't call me back
Don't get me laughing
I can't shut up
I know this
No reason
Why does there have to be?
I know this
No answer
When I call
Don't hang up
