

Hooligans

Hepcat

Listen my brother and understand
Don't play like a donkey if you're really a man
You don't fool a soul when you wear sharp studs
Your mouth is dirty and you cuss a bad word

Hooligans, hooligans make up your mind
Hooligans, hooligans this is the time
Hooligans, hooligans make up your mind
Wooooaa, mother been weeping, wooooaa

We were no more strangers [yes I pray]
We were more than friends [battles came down]
Yet the battles were splintered all over the place

Hooligans, hooligans make up your mind
Hooligans, hooligans this is the time
Hooligans, hooligans make up your mind
Wooooaa, wooooaa

Always come up and always rude
Smashing things and breaking rules
Man what do you think you are
A little beast for sure

Hooligans, hooligans make up your mind
Hooligans, hooligans this is the time
Hooligans, hooligans make up your mind

Can't a woman's tender care [return you now]
Change from all the child she beared
We were no more strangers [yes I pray]
We were more than friends [battles came down]
Yet the battles were splintered all over the place

Hooligans, hooligans make up your mind
Hooligans, hooligans this is the time
Hooligans, hooligans make up your mind
Wooooaa, wooooaa

Hooligans, hooligans make up your mind

Hooligans, hooligans this is the time
Hooligans, hooligans make up your mind
Wooooaa, wooooaa

Hooligans, hooligans make up your mind
Hooligans, hooligans this is the time
Hooligans, hooligans make up your mind
Wooooaa, wooooaa
