Rock Me Baby

Tina Turner

Rock me, baby, rock me all night long
I said, I want you to
Rock me, baby, rock me all night long
I want you to rock me, like my back ain't got no bonesAnd I want you to
Roll me, daddy, like you roll your flour dough
Want you to
Roll me, daddy, like you roll your flour dough
I want you to roll me, till I want no moreAnd I said
When you see me coming, go get your rockin' chair
When you see me coming, go get your rockin' chair
I want you to rock me, rock me all the way from herePlay the songRock me, baby, rock me all night long
I said, I want you to
Rock me, baby, rock me all night long
I want you to rock me, like my back ain't got no bonesRoll me, daddy, like you roll your flour dough
I said, I want you to
Roll me, daddy, like you roll your flour dough
I want you to roll me, till I want no more
