

Love And Affection

Neon Trees

Everybody's telling everybody off
It's the last thing I wanna hear
You've been killing me for days and days it seems
But the truth is the thing I fear I just don't understand
Why my love isn't good enough
I just don't understand
Why my love isn't good enough for you I want you to show me
Love and affection, love and affection
Easing the tension with love, love and affection Everybody's showing everybody up
It's a competition, me and you
I stood outside your doorway watching you ignore me
I still think that your games are cute I just don't understand
Why my love isn't good enough
I just don't understand
Why my love isn't good enough Love and affection, love and affection
Easing the tension with love, love and affection Put yourself in my shoes
Put yourself in my shoes I don't know what you've been told
The rich get rich, the poor grow old
When everybody's blood runs cold
It's time for something real, oh, oh, oh, oh Love and affection, love and affection
Easing the tension with love, love and affection
Love and affection, love and affection
Easing the tension with love, love and affection I just don't understand
Why my blood is
I just don't understand
Why my love is not
