

Without My Consent

Billie Myers

Advisory - the following lyrics contain explicit language:

So good of you to love me
So good of you to show me
So good of you to give unconditional love
Without my consent So big of you to let me
Meet and greet all your best friends
So nice of you to phone me
To let me know we're over
Five months too late Without my consent
Was I just another moment in a string of a one night stand
Someone who to take to you girl
[Incomprehensible] Or was I just another singer
With the initials you had to chase afraid to catch
A hidden condom in a streetcar named 'Desire'
[Incomprehensible] So good of you to love me
So good of you to show me
(So good)
So good of you to give unconditional love
Without my consent Without my consent
You made me feel not quite good enough
Another [Incomprehensible] between the sheets
Expresso'd with the depth of [Incomprehensible] knees
You have the depth of [Incomprehensible] knees Oh yeah [Incomprehensible] no thank you
So good of you to show me
I shouldn't have [Incomprehensible]
From six to nine to seventeen
(Does it make you happy?) So nice of you to bruise me
So nice of you to show me
Who I don't wanna be Without my consent
Another friend anonym you used to have sex with
Without my consent
You showed me what 'Truly, madly, deeply' never meant I maybe sound sarcastic
A little masochistic

I guess I don't have to like you
To still be mine
Hell no
