

# Wonderful

## Mutya Buena

Oh

If you love me you should let me know

Tomorrow I'm leaving this town and I'm not coming home, oh

If you want me you should let it show

The hour is getting late, don't let me leave alone

No'Cause we can see the world together baby

But first you gotta make up your mind

Is it her or is it me?

That you want in your life[Chorus:]

I'mma go whichever way the wind blows

'Cause I know there's something out there wonderful

I don't wanna see it all alone

'Cause I'm sure there's so much more

And it's wonderfulI know she loves you, but it's unbeaten

So follow your heart, take my hand and we'll fly like birds (higher)

If we stay here we can never be

Let's go some place far away where's just you and me'Cause we can see the world together baby

But first you gotta make up your mind

Is it her or me?

That you want in your life[Chorus]And I know that it's hard

For you how to follow

Just follow

What's in your heart[Chorus]Oh that's where it ends, innit?
