Bam! in the face
Falln from grace
Youve lost the race
Its time to dieThrough with all
Dropped the ball
You proceed to fall
No last good-byesDarkness fails as my last friend
Every step is a dead end
Seems Im my worst enemy
No way out
And I cant let goTheres a pin
Small and thin
Hidden deep within
Itching in your soulNo way back
Youre on track
Youve found the hack
Its time to rollThe veil is thin
One last tear
To find within
Waiting thereYoull give me hope
Ill give you strength
Youll give me trust
Ill go the length
Give up yourself
Ill set you free
Your AvatarJust unleash me
And you will see
Theres nothing else that would ever be
Just let go
And Ill riseRise! Rise! Rise! Rise!Rise!Darkness failed as my last friend
Every step was a dead end
Seemed I was my enemy
No way out
But I did let goThe veil is thin
One last tear
To find within
Waiting thereYoull give me hope
Ill give you strength
Youll give me trust

Ill go the length
Give up yourself
Ill set you free
