

Shakespeare

Jaden Smith

Man I'm young and hottness
You dumb and hottness
These jokers hotter than the sun
I get so stupid,MSFTS
All them jokers so ruthless
I don't know where the roof is
The truth is, Jaden Smith is probably the smoothest
Making these jokers ouzzz
Uh, yeah they couldn't find us
The beamer staying in the cut and
They pulling off in some hondas
Primadonas these jokers are rockin diamonds
I don't care about diamonds
I make sure where my rhyme is
All freedoms what they deny us
Pay women designers
Imma just keep it honest
Man Imma just keep it truthfully
You kick it and make them useful,
A little too hot to handle like fingertips on the candle
Hawaii stays on my sandle
The only name on my nano
MSFTS are making scandals
You see us up on the screen, no point in changing the channel we cool
No fingerprints on my handle,
It's summer in calabasis it's way too hot for a flannel, I know
Awards are staying on my mannel and people are making fun
But they should know I'm the man in this city
And I don't plan to give pity my hands are gritty
I'm looking for something sexy that needs a man to get busy with
But girl here's my number, you can hit me up whenever
'Cause I'll be here for the summer and
Me and Manny in Miami and I really wanna poke her
But they raising up the Emmy so I'm good
Imma focus and just try to win this Grammy
And you know I'm 'bout to do it and i'll never have a plan B
Man these girls don't understand me
They don't like the lyrics they just look at me like ,candy
But you really fine so I'll take you somewhere sandy

But you start to hate me but that really comes in handy cause I'm bout to dip
Going to Hawaii you can get a plane ticket but I really doubt you'll try
Cause you know I gotta bunch of fine models when i ride
I could probably get 'em all but I'm not that type of guy
Man I'm not the one for cheating I'm just always looking fly
And you seeing who I be with when we come up out the sky
And that MSFTS in the union and I'm repping 'til I die
Gotta joker rocking zebra yeah i said it rocking zebra
Take you to a Ibiza, go see Mona Lisa then I'm taking you to Paris
And the piramides of Giza
Girl we cooler than the fools that be swagged out and ride with they jags out been all of they bags out!
Man just keep it in your closet
Don't tell the whole world if you got it I'm hypnotic
Umm I don't care your calls exotic, look at all my women
You be watching while I'll be swimming
Jacuzzi yeah Im in it, all the states that we just been in
And I'm sipping tiger buckets little homie I be winning you a offended yeah
Huh, and I'm sorry you ain't here,Reincarnation of Shakespeare
Just a few little things that I wanted to make clear
'Cause I'm right at the top and I'm planning to stay here
