Thanks Bro

Slimzee

Take another chance now, I took mine
You got something to think about, I don't have the time
You left me hanging there, out on the line
You got all those other things, I just got this one thingThanks a lot, way to go, bro
Thanks a lot, way to go, broNow that I've said this, which I'll probably regret
Now that I've thrown this in your face, do I have a case?
You left me out nowhere, I'm out of time
You got all those other things, I've just got this one thingThanks a lot, way to go, bro
Thanks a lot, way to go, bro
Thanks a lot, way to go, bro
Thanks a lot, way to go, broThanks a lot, thanks a lot
Thanks a lot, thanks a lot, bro
Thanks a lot, bro, thanks a lot, bro
Thanks a lot, bro
