

Without You

8-Bit Harakiri

I remember staying home from school
And you would read me where the sidewalk ends.
And it was moments like that
That are holding my heart til the very end.
And I never took the time now to tell you that I love you.
I never took a moment to tell you
Iâ€™d be dead if it wasnâ€™t for you.
And I want to say thank you,
cause itâ€™s been you and me since you very beginning.
And I wouldnâ€™t be the man I am if it wasnâ€™t for you.

And I donâ€™t know what I would do without you
Please donâ€™t ever leave me, I canâ€™t do this on my own. (x2)

And I want you to know that
no matter what It will be okay
no matter where you stand,
with you this ugly world can be a better place.
I want you to be so proud of me.
I want you to see me be the man Iâ€™m supposed to be.

And I donâ€™t know what I would do without you
Please donâ€™t ever leave me, I canâ€™t do this on my own. (x2)

On my own
I canâ€™t do this on my own
No, I canâ€™t cause I will fail on my own.

And I donâ€™t know what I would do without you
Please donâ€™t ever leave me, I canâ€™t do this on my own. (x2)

Own, own, own

And I donâ€™t know what I would do without you
Please donâ€™t ever leave me, I canâ€™t do this on my own.
