Fake The Aroma

Massive Attack

(vowles, del naja, marshall, thaws, norfolk, locke)
You sure you wanna be with me I've nothing to give
Don't lie and say this lovin's best
Don't leave us in emotional place
Take a walk take a rest now take a rest
I seen ya diggin a hole in ya neighborhood
You're crazy but you're lazy
No need to live in a lean-to
Your troubles must be see-through
See through money like it's paper
With faces I remember
I drink on a daily basis though it seldom calms my temper
Ya leave me in peace, ya leave me in pieces
I walking through the suburbs
We're not exactly lovers
Your a couple specially
When your body's double
Duplicate and then you wait for the next kuwait
So karmacoma jamaica an' roma
Karmacoma jamaica an' roma
Karmacoma jamaica an' roma
Karmacoma jamaica an' roma

Deflowering my baby are you my baby mate
I must be crazy you see I'm swayze
You diggin a hole in ya neighborhood
You're crazy but you're lazy must be lazy
I seen ya
The fire that rises in me
The daisy ? ? ? dwindle
? ? ? like a jungle in decline
My time has been so wasteful
I never fight time
Deflowering my baby are you my baby mate
My baby
Deflowering my baby are you my baby mate
I must be crazy I know you're lazy
So karmacoma jamaica an' roma
Karmacoma jamaica an' roma

Karmacoma jamaica an' roma
Karmacoma jamaica an' roma
Karmacoma what jamaica an' roma
Karmacoma what jamaica an' roma
Karmacoma what jamaica an' roma
Karmacoma what jamaica an' roma
