Beyond Man

Shai Hulud

Human is a degrading word
As human, I renounce myself
I yield to no man, there will be no peace
Not on Earth, not amongst menIndulge, be content, soften yourselves
I look beyond weakness and fashion
Confide not in flesh, if I can't change the world
I'll disregard it and look beyondPray to calm my heart, pray for the fools
I will be at peace, I am not a man
And your actions will speak alone
