

# Sweet as Sweet Comes

## Robbie Fulks

Baby I'm coming as fast as the law will let me  
If it wasn't for the money I'd never leave you alone  
Being close by you just lifts the whole world from me  
Your arms are my home sweet home I've been trying not to wonder where I'd be without you  
I just glide along thanking each and every lucky star  
Since you came to me I'm all done searching  
'Cus I know nothing could be sweater than you are Sweet as the laurels  
Sweet as sugar cane and rum  
Girl you're just as sweet as sweet comes  
Sweeter than bluegrass  
In the warm Kentucky sun  
You are just as sweet as sweet comes  
I couldn't find no love no how  
That was then  
Now my heart knows the music like a poet's son The way you make me feel inside  
Love don't have to strive  
It's like a smile through my whole body  
It's like honey on the tongue  
Sweet as the laurels  
Sweet as sugar cane and rum  
Girl you're just as sweet as sweet comes  
Sweeter than bluegrass  
In the warm Kentucky sun  
You are just as sweet as sweet comes
