Steve

Howard Wiley

My mom has this boyfriend his name is Steve
I want him so very much to die
But he wont - he stands strong, he stays all day long
and he fucks my mom even when she cries
and i want him very much to die
and yet he's still alive
So dear God
I believe in you
Believe in me
and make it come true
and I hope that it happens sometime real soon

and I want him very much to die
yeah i want him very much to die...
... real soon
All right, thanks a lot
Thanks for coming out
