HANNAH KERR

Made a future out of my past
You meet me right where I am
It's all part of Your plan(Pre-Chorus)
Shines brighter
Shines brighter No matter what comes my way
I'll live my life
Radiate Your light
Now and always
I'll let my lips be only for Your name
No darkness gonna stand in my way
If my way is Your way then You'll make me
Radiate
Radiate
(vs. 2)

Lord, let my story be a glimpse of Your glory(Pre-Chorus)
Shines brighter
Shines brighter No matter what comes my way
I'll live my life
Radiate Your light
Now and always
I'll let my lips be only for Your name
No darkness gonna stand in my way
If my way is Your way then You'll make me
Radiate
Radiate(Pre-Chorus)
Shines brighter
No matter what comes my way
I'll live my life
Radiate Your light
Now and always
I'll let my lips be only for Your name
No darkness gonna stand in my way
If my way is Your way then You'll make me
Radiate
Radiate
Radiate
