heat

Homeshake

It's so cold in the D tonight
Better layer up, it'll be alright
All alone and got nothing to do
'cept lie awake and dream of youCuz it's heat, baby
I know heat is what she needs
Cuz she talks to me about heatI can see you laying there alone
No one hanging out when you're feeling low
And the ices on the street there
Keeps you under covers with your smooth skin bare
