Lemon

U2

Lemon
See through in the sunlight
She wore lemon
But never in the daylightShe's gonna make you cry
She's gonna make you whisper and moan
And when you're dry
She draws her water from the stoneAnd I feel
Like I'm slowly, slowly, slowly slipping under
And I feel
Like I'm holding onto nothingShe wore lemon
To color in the cold gray night
She had heaven
And she held on so tightA man makes a picture
A moving picture
Through the light projected
He can see himself up closeA man captures color
A man likes to stare
He turns his money into light
To look for herAnd I feel
Like I'm drifting, drifting, drifting from the shore
And I feel
Like I'm swimming out to herMidnight is where the day begins
Midnight is where the day begins
Midnight is where the day beginsLemon
See through in the sunlightA man builds a city
With banks and cathedrals
A man melts the sand so he can
See the world outsideA man makes a car
And builds roads to run them on
A man dreams of leaving
But he always stays behindAnd these are the days
When our work has come asunder
And these are the days
When we look for something otherMidnight is where the day begins
Midnight is where the day begins
Midnight is where the day begins
Midnight is where the day beginsMidnight is where the day begins
Midnight is where the day begins
Midnight is where the day begins

Midnight is where the day beginsA man makes a picture
A moving picture
Through the light projected
He can see himself up closeA man captures color
A man likes to stare
He turns his money into light
To look for herShe is the dreamer
She's imagination
Through the light projected
He can see himself up close
