

# Summertime In The City

## Scouting For Girls

Summertime in the city, all the girls dress hot  
Make the boys go silly  
There they go, walking round the streets downtown on a wonder  
Effect is on the shades, love in the summer  
Ha, ha, ha the temperature's rising  
Never got a break, don't blame him for trying  
Everybody's out, it's good for the soul  
The sun on your skin  
And all the kids glow  
Oh, oh, oh  
Here comes the summer  
Oh, oh, oh  
Here comes the summer  
Summertime in the city  
And we're getting in the mood  
And we're getting there quickly  
Tips  
Girls watch the boys  
Boys watch the girls  
And no one wants to be by themselves in the water  
They show us some shades  
I'm going to the park  
For you in the sun and the smell of the grass  
New summer clothes, way off the load, and nobody here really wants to go home  
Oh, oh, oh  
Here comes the summer  
Oh, oh, oh  
Here comes the summer  
It's summertime in the city, girls dress hot  
Boys go silly  
I'm out and i wonder, checking all the sides, love in the summer  
  
It's summer, it's summer, it's summer in the city  
It's summer, it's summer, it's summer in the city  
It's summer, it's summer, it's summer in the city  
I'm going out in the evening, loving this feeling  
New friends, old friends, feeling  
It's gonna be a night to remember  
I'll never meet a girl like you in November

The girl next door she's a high street honey  
She dress quite short and she thinks I'm funny  
L.A., New York, Sidney, Rome  
When the sky's in the sun,  
There's no place like home  
It's summertime in the city, girls dress hot  
Boys go silly  
I'm out and I wonder  
Checking all the sides, loving the summer  
Oh, oh, oh I hope that it doesn't rain  
It's summer, it's summer, it's summer in the city  
I hope that it doesn't rain  
It's summer, it's summer, it's summer in the city  
I hope that it doesn't rain  
It's summer, it's summer, it's summer in the city  
It's summertime in the city, girls dress hot  
Boys go silly  
I'm out and I wonder  
Checking all the sides, loving the summer  
It's summer, it's summer, it's summer in the city  
It's summer, it's summer, it's summer in the city  
It's summer, it's summer, it's summer in the city  
Hey there, miss sunshine  
It's summer, it's summer, it's summer in the city  
Hey there, miss sunshine
