

Into The White

Pixies

And there ain't no night
And there ain't no night
Did you hear what I said?

But into white

Into white

Into white

Into white

And there ain't no day
And there ain't no day
And there ain't no night
And there ain't no night
And there ain't no day
And there ain't no night

Into the white

Into the white

Into the white

Did you hear what I said?
Did you hear what I said?

Deeper than your sleepy head
Deeper than your sleepy head

Ain't nothin' to see

Ain't nothin' in sight

Into the white

Into the white

Into the white

Go and you'll go real far
Go and you'll go real far
Just pass the big quasar
Just pass the big quasar
Can't hitch a meteorite
Can't hitch a meteorite

Into the white

Into the white

Into the white
