Beat Of My Heart

Noisettes

There's a boy I like south of the river
That doesn't leave his house the morning up till noon
Not even when the flowers are in bloom
We could take a stroll or just share, you know
I just want to be your lady, oh come home soon
They say I'm a fool
I'm standing in the cold without a coat
But I just won't go down, down, down
Down, down, down
Let me show you the beat of my heart
Let it start, let it start
Let me show you the beat of my heart
Let it start, let it start
Maybe the stars will go our way
Lover, I will never ever let you stray
And I hope to see you some day
We could watch the night sky fade to blue
Listen to your heart
And maybe you will break through
Breaking the rules
Even though I'm standing in the rain without a coat
But I just won't go down, down, down
Down, down, down
Let me show you the beat of my heart
Let it start, let it start
Let me show you the beat of my heart
Let it start, let it start
Wanna give you the keys to my heart
Let it start, let it start
Let me show you the beat of my heart
Let it start, let it start, hey, hey
So let me show you the beat of my heart
Let it start, just let it start
Let me show you the beat of my heart
Let it start, let it start
You could be the first time I need a chart
Just let it start, let it start
Let me show you the beat of my heart
Let it start, let it start

Do show me the beat of your heart
I just won't go down, down, no, down
Down, down, down
