

Wait forever

Robbie Taylor

Everybody wants to know what we got between us
'Cause they don't see us when we're alone
Or when we talk on the phone, no
They ain't even got no idea about us 'cause we ain't tyna
Let nobody step in and pull us of this zone
Do I think your fly? But I don't wanna pressure you to
Do anything you don't wanna do, no
'Cause we got a lotta time and I plan on being with you
For the rest of my life, girl I waited, so I
I'm gonna wait for you even if it takes forever
Ever, ever, ever
That's what a real man's supposed to do
Ain't gonna give you no pressure, ever, ever, ever
I'm gonna wait here 'til the time is right baby
'Cause I know when you say yes, Imma fill your appetite
So I'm gonna wait for you even if it takes forever
Ever, ever, ever
Now baby I know you're hearing things about girls I had before you
But that don't change a thing between us
Girl you know we got chemistry that can't be replaced
By anybody or by anything
Think you're fly? But I don't wanna pressure you to
Do anything you don't wanna do
We got a lotta time and I plan on being with you
For the rest of my life, I waited, so I
I'm gonna wait for you even if it takes forever
Ever, ever, ever
That's what a real man's supposed to do

Ain't gonna give you no pressure, ever, ever, ever
I'm gonna wait here 'til the time is right baby
'Cause I know when you say yes, Imma fill your appetite
So I'm gonna wait for you even if it takes forever
Ever, ever, ever
There's a million things I wanna do
But I'm gon' put your feelings first
No way that I'm gonna hurt my baby
Making you do things you ain't ready to
So I'm gonna wait baby as long as it takes for you

I'm gonna wait for you even if it takes forever
Ever, ever, ever
That's what a real man's supposed to do
Ain't gonna give you no pressure, ever, never ever
I'm gonna wait here 'til the time is right baby
'Cause I know when you say yes, Imma fill your appetite, yeah
So I'm gonna wait for you even if it takes forever
Ever, ever, ever
I'm gonna wait for you, gonna wait for you
That's what I'm supposed to do
I'm gonna wait for you, gonna wait for you
That's what I'm supposed to do
I'm gonna wait here 'til the time is right baby
'Cause I know when you say yes, Imma fill your appetite, yeah
So I'm gonna wait for you even if it takes forever
Ever, ever, ever
