

# Floundering

Carly Simon

First she sees her hypnotist  
When she rushes to her psychiatrist  
She sees her acupuncturist  
She's got to got to get fixed Then she sees her scientologist  
Gets fed by her nutritionist  
She can not seem to resist  
Seeking cosmic consciousness Looks like she's floundering again  
Seems to be floundering again  
Looks like she's floundering again  
Seems to be floundering again She swears by Jack La Lanne  
then she throws the I Ching again  
She searches in the Himalayas  
For someone to ease the pain Looks like she's floundering again  
Seems to be floundering again  
Looks like she's floundering again  
Seems to be floundering again She's looking for a cure  
She does not know exactly what for Looks like she's floundering again  
Seems to be floundering again  
Looks like she's floundering again  
Seems to be floundering again She's into political activism  
Reading up on Tibetan Buddhism  
Anna Freud's analysed her dreams  
And she's hoarse from primal screams Looks like she's floundering again  
Seems to be floundering again  
Looks like she's floundering again  
Seems to be floundering again
