

We Take You Higher

Scooter

Posse, make your choice
Come on, feel the noise
So jump jump a little higher
Jump jump a little higher
Keep it right now
Ravers, you like it rough
All of you can't get enough
So jump jump a little higher
Jump jump a little higher
Slowin' it down
We take you higher
We take you higher
Yeah
Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah
Break beat, that's the groove
Come on, make it move

So jump jump a little higher
Jump jump a little higher
Keep it right now
Posse, we spin you 'round
Hardcore, that's the sound
So jump jump a little higher
Jump jump a little higher
Slowin' it down
We take you higher
We take you higher
Yeah
We take you higher
We take you higher
Yeah
Yeah
