Everybody Doesn't

Amanda

Everybody does it
That's what you keep saying
Everybody doesn't
Not everybody's playing
I wanna be your girlfriend
But you gotta turn the pressure off
Just stopI think you've got a one track mind
You're so focused on the destination
That you're missing the rideYou tell me you're a patient guy
But we're not having conversations
'Cause you're pre-occupiedIf I loved you, I would
If you loved me, I wouldn't have to
If I were in your shoes
Never expect you to get downEverybody does it
That's what you keep saying
Everybody doesn't
Not everybody's playing
I wanna be your girlfriend
But you gotta turn the pressure offEverybody does it
That's what you keep saying
Everybody doesn't
Not everybody's playing
I wanna be your girlfriend
But you gotta turn the pressure offOoh, you're good, you try real hard
So just fill out your application
I'll let you know next year
You don't believe when I say no
If you don't give me consideration
Then you'll have to goIf I loved you, I would
If you loved me I wouldn't have to
If I were in your shoes
Never expect you to get downEverybody does it
That's what you keep saying
Everybody doesn't
Not everybody's playing
I wanna be your girlfriend
But you gotta turn the pressure offEverybody does it
That's what you keep saying
Everybody doesn't

Not everybody's playing
I wanna be your girlfriend
But you gotta turn the pressure offEverybody does it
That's what you keep saying
Everybody doesn't
Not everybody's playing
I wanna be your girlfriend
But you gotta turn the pressure offEverybody does it
That's what you keep saying
Everybody doesn't
Not everybody's playing
I wanna be your girlfriend
But you gotta turn the pressure offEverybody does it
That's what you keep saying
Everybody doesn't
Not everybody's playing
I wanna be your girlfriend
But you gotta turn the pressure offEverybody does it
That's what you keep saying
Everybody doesn't
Not everybody's playing
I wanna be your girlfriend
But you gotta turn the pressure offEverybody does it
That's what you keep saying
Everybody doesn't
Not everybody's playing
I wanna be your girlfriend
But you gotta turn the pressure offEverybody does it
That's what you keep saying
Everybody doesn't
Not everybody's playing
I wanna be your girlfriend
But you gotta turn the pressure offJust stop
