Leazes Park

Kathryn Williams

You waited for me
On the green grass behind the park
I felt your breath
On the back of my neck
From two hundred yardsYou waited for me
You said you didn't
I know you lied
I've been watching you for hoursI trusted you
I cared for you
With the most important thing
And you said
Everything you did
Was for meYeah look down at your feet
Your own look me in ?'Cause I waited for you
And you waited for me
'Cause I waited for you
And you waited, you waited for meYour just still love
Your just still love
Your just still loveYou're just a still love
You're just a still love
You're just a still love'Cause I waited for you
And you waited for me
