I Love NYC

Andrew W.K.

I love New York City
Oh yeah, New York City
I love New York City
Oh yeah, New York City

Run it over, run them out
Knock your block, or tearing your doubt
Move on corners, move around
Talk no talk, breaking you down

We are a corporation
We are a company
We cut high, but we're cuttin high anyway ?
We are your mother's father
We are your fighter friend
It never started and it won't end

I love New York City
Oh yeah, New York City
I love New York City
Oh yeah, New York City

Broken faces, burnt and bent
Deal off ?
Ride on nothin', ride your head
Got no fear, sayin' not said

We are a population
We are a factory
We don't do, but we never did anyway
We are your mother's father
We are your fighter friend
It never started and it won't end

I love New York City
Oh yeah, New York City
I love New York City
Oh yeah, New York City

Oh, oh, oh oh oh oh, New York, oh, oh, oh, oh oh oh

I love New York City
Oh yeah, New York City
I love New York City
Oh yeah, New York City
