

Attention (feat. Raphael Saadiq)

[Kelis](#)

Babe, baby, baby
I ain't try'na nag you
Just come talk to me, talk to me, to me
You know we don't get to spend time no more
I miss you Daddy I know that life has delt us many cards
Sometimes I swear he's trying to make it hard
And I don't want to have to hide me faults
But he got busy and let down the guards I need attention, from you
It's just the little things we do
Pay attention it's on you
'Cause I can't help it I just like it when you do I don't wanna nag and start a fight
Sometimes you forget and I get tired
If he was out of sight and out of mind
So darlin' listen and just make it right I need attention, from you
It's just the little things we do
Pay attention it's on you
'Cause I can't help it I just like it when you do You make my heart monsoon baby
And we could make life through baby
So take my hand and we'll glide the way I need attention, from you
It's just the little things we do
Pay attention it's on you
'Cause I can't help it I just like it when you do Why would you follow now?
Just look me in my eyes
Remember what makes me smile, you use to make me high
Let's go way back in time, come baby lay me down I need attention, from you
It's just the little things we do
Pay attention it's on you
'Cause I can't help it I just like it when you do I need attention, from you
It's just the little things we do
Pay attention it's on you
'Cause I can't help it I just like it when you do
