

# Always Be With You

## Walking On Cars

If this is what you want then why didn't you say?  
You didn't wave goodbye, now you're gone away  
    I'll always be with you  
    Yeah, I'll always be with you  
    What you had in mind didn't go to plan  
    First you learned to walk oh that's when you run  
        You said I'll always be with you  
Yeah, I'll always be with you Is it home somewhere you call your own, are you happy now?  
    Just know  
    That I'll always be with you  
        (You're far from me)  
    Yeah, I'll always be with you  
        (You're far from me)  
        With you  
        (You're far from me)  
    Why don't you take me with you?  
        (You're far from me)  
    Please don't you erase me i know that you can  
    If it's been for me, i know that I'll always be with you  
        (You're far from me)  
    Yeah, I'll always be with you  
        (You're far from me)  
    Send me a wish or give me a sign  
    Even though you're gone I'll always call you mine  
        You said I'll always be with you  
        You said I'll always be with you  
    I saved you a seat on the bigger line  
    As it goes around about a thousand times  
        You said I'll always be with you  
You said I'll always be with you Is it home somewhere you call your own, are you happy now?  
    Just know  
    That I'll always be with you  
        (You're far from me)  
    Yeah, I'll always be with you  
        (You're far from me)  
        With you  
        (You're far from me)  
    Why don't you take me with you?  
        (You're far from me)

Please don't you erase me i know that you can  
If it's been for me, i know that I'll always be with you  
(You're far from me)

Yeah, I'll always be with you  
(You're far from me)  
With you

OohhAnd it's a light you didn't shine  
But I will always call you mine  
Oh it's a light you didn't shine  
I thought this would make things better  
I thought this would make things better  
I thought this would make things better

I thought this would make things betterPlease don't you erase me i know that you can  
If it's been for me, i know that I'll always be with you  
(You're far from me)

Yeah, I'll always be with you  
(You're far from me)  
With you  
(You're far from me)  
Why don't you take me with you?  
(You're far from me)

Please don't you erase me i know that you can  
If it's been for me, i know that I'll always be with you  
(You're far from me)

Yeah, I'll always be with you  
(You're far from me)  
With youOohh  
Yeah, I'll always be with you  
Oohh
