

Easier

P.J. Pacifico

I could write about my feelings and I could write about my state
I could let the whole damn world know how much easier it is to wait
I could start from the beginning and I could find the words to say
What it is exactly about you and how it grows different everydayCHORUS
But it's so much easier, just to let me beOnce there was a meeting, and three times there were "hellos"
But nothing grows as easy as this story goes
I could tell myself that I'm not asleep
I could remind myself to dream
I could tell myself that I'm not dreaming and I know that I'll never leaveCHORUSIf I didn't have this time, I
wouldn't fool
If I didn't have this time I wouldn't be fortune's foolCHORUS
