Change

The Lightning Seeds

The world is full of fools
Who never get it right
You don't know what to do
So you do anything you like
[Put your foot down and drive]
Oh you're a silly thing
[Put your foot down and drive]
You're such a pretty thing
[Put your foot down and drive]
You're never going to be like all those fools
You're coming out tonight
There's nothing to lose
You're going to give it all a try
Don't ever change
Don't ever change [never change]
No never change [never change]
Never change
[Don't ever change]
The world is full of fools
Take wisdom to the wise
And thank your lucky stars
For coming out tonight
[Put your foot down and drive]
Oh you're a silly thing
[Put your foot down and drive]
You're such a pretty thing
[Put your foot down and drive]
Don't ever change
Don't ever change [never change]
No never change [never change]
Never change
[Don't ever change]
When tearful eyes
Are open wide
They're still to blind to see
A change in style
For a little while
Is only make believe
[Put your foot down and drive]

Oh you're a silly thing
[Put your foot down and drive]
You're such a pretty thing
[Put your foot down and drive]
You're never satisfied
So look for something new
There's nothing to hide
And nothing you can do
Don't ever change
Don't ever change [never change]
No never change [never change]
Never change
[Don't ever change]
Oh you fool you've got me started
Oh you fool you've got me started
Oh you fool you've got me started
[Don't you ever change]
Oh you fool you've got me started
[Don't you ever change]
