

# Cars Hiss by My Window

## The Doors

The cars hiss by my window  
Like the waves down on the beach  
The cars hiss by my window  
Like the waves down on the beach  
I got this girl beside me  
But she's out of reach  
Headlight through my window  
Shinin' on the wall  
Headlight through my window  
Shinin' on the wall  
Can't hear my baby  
Though I called and called  
Windows started tremblin'  
With a sonic boom  
Windows started tremblin'  
With a sonic boom, boom  
A cold girl'll kill you  
In a darkened room { Yeah  
Ride  
Ride on }
